

St. Anne School offers College Preparatory, Honors, and Advanced Placement courses to meet the diverse needs of our student population. Beginning with the 2017-18 school year, we will also offer Dual Credit and/or Dual Enrollment.

### **College Preparatory**

At the College-Preparatory level students are able to learn at a moderate, yet challenging pace. Students are prepared to go on to college level work after graduation; however, they may be given more guidance from teachers in preparing papers and other assignments. The curriculum is carefully planned to include courses that encourage success at the post high school level.

### **Honors Program**

The Honors Program is designed to challenge students who excel in particular areas of study. Because the Honors Program requires rigorous study of content, students selected for this program must demonstrate maturity, learn at an accelerated pace, and review/complete assignments with a high degree of independence. The requirements, as listed for individual courses, may include major research projects, multiple assessment instruments, and assignments that are more in-depth and detailed.

### **Advanced Placement**

These college level courses require students to meet high standards for success. They require extensive reading and writing skills at a superior level as well as abilities to analyze, synthesize, evaluate, and create. Students selecting these courses must be highly motivated, self-directed learners. Only Advanced Placement Courses that have been College Board Approved are offered.
