JOHN PAUL THE GREAT PROGRAM FOR THE ARTS

John Paul the Great Program for the Arts is inspired by John Paul II's Letter to Artists and is built on the premise that the Arts are essential to the cognitive and spiritual development of the whole person. He writes:

Beauty is a key to the mystery and a call to transcendence. It is an invitation to savor life and to dream of the future. That is why the beauty of created things can never fully satisfy. It stirs that hidden nostalgia for God which a lover of beauty like Saint Augustine could express in incomparable terms: "Late have I loved you, beauty so old and so new: late have I loved you!" (26)

At St. Anne School we believe that the arts are an essential component to a strong Christian community and developing Catholic hospitality. Arts education originates with the recognition that each of us has the capacity for thinking and living artistically. It is based on the belief that God has endowed each of us with talents and gifts which God expects us to develop and use to the best of our ability. Through our artistic endeavors we become active participants in continuing God's creation in ourselves and in our society. The JPG program is designed to cultivate the gifts of those who show exemplary talent in the fields of dance, theater, instrumental, vocal, authorship, or fine arts.
